

Naset Board Room

Wentz Science Center Room 368

The Naset Boardroom seats 14, and features a computer, 65 inch television, Apple TV, webcam, and conference phone.

Using the Computer

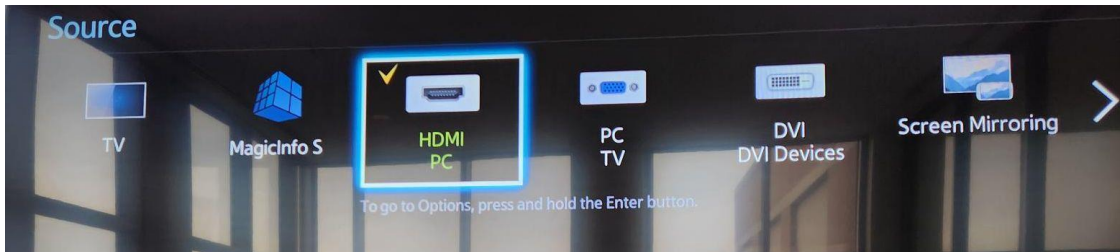

Use the remote control to turn on the television.

Press the red power button on the upper left side.

If necessary, choose the correct source by pressing the “source” button in the center of the remote.

The correct source for the computer is “HDMI PC” shown in the image below.

Wake up the computer by pressing the spacebar on the wireless keyboard, or by moving and clicking the wireless mouse.

Log in using your North Central College credentials, and continue to your desired application.

Webcam

A webcam is also provided in the room for Teams, Zoom, or other applications.

The webcam can be positioned almost anywhere on the table, and you may fine tune the camera's pan, tilt, and zoom by pressing the buttons located on the base of the webcam.

Apple TV

The Naset boardroom has an Apple TV device allowing users to wirelessly connect their Apple device to the television.

Use the remote control to turn on the television.

Press the "source" button on the remote and select the "DVI Devices" input.

Follow the onscreen instructions to connect.
